PROFESSIONAL SUMMARY

Performance-driven **Computer Science & Engineering undergraduate (2nd Year)** at Aditya University with an exceptional academic foundation (**96.2%** Intermediate, **86.63 percentile** JEE Mains). Industry-certified developer by **Pearson (IT Specialist Python)**, **Microsoft (Power Platform & Excel)**, and **Cisco Networking Academy**. Creator of AI-powered developer tools, cross-device productivity systems, and relational database architectures. Active competitive programmer with **184+ LeetCode problems solved** and consecutive streak honors (**100-Day & 50-Day Badges**).

TECHNICAL SKILLS

Languages & Core	Python (Certified) · JavaScript (ES6+) · TypeScript · C · C++ · Java · SQL · GDScript · HTML5 / CSS3
Frameworks & Web	React · Node.js · Express.js · Vite · Manifest V3 · Three.js / WebGL · Godot 4 · WebSockets · REST APIs
Databases & Cloud	MySQL (ACID, Normalization, 3NF) · MongoDB · Microsoft Power Platform · Power BI · Render Cloud
Tools & Engineering	Git & GitHub · Docker · Advanced Excel (MOS Certified) · AI Integration · Agile / Scrum

FEATURED TECHNICAL PROJECTS

Op Code — AI-Powered LeetCode Mentor Extension — TypeScript • React • Manifest V3 • AI API

Tech Stack: TypeScript, React, Vite, Chrome Extension MV3, CRXJS, AI API

- Engineered an AI-powered Chrome extension designed with a learning-first philosophy to mentor developers on LeetCode without leaking complete solutions.
- Implemented progressive algorithmic hints, automated time/space complexity analysis, and strict solution-leakage safeguards.

PocketOps — Cross-Device Continuity & Productivity Hub — Live Demo • GitHub

Tech Stack: Python, Node.js, WebSockets, Cross-Platform Architecture, Device APIs (iQOO ReSkill Hackathon)

- Developed a cross-device interaction system connecting laptop and smartphone workflows with manual-first controls and voice assistance.
- Built DeviceCare telemetry dashboards monitoring real-time CPU usage, thermals, remote camera streaming, and quick task management.

Disaster Relief Resource Management System — Live Dashboard • GitHub

Tech Stack: SQL, Relational DBMS (3NF), ER Modeling, Joins & Views, Node.js, Express, Render

- Architected a database-driven crisis application coordinating disaster zones, victim assistance, relief supplies, donor records, and shelters.
- Implemented complex SQL queries, relational integrity constraints (PK/FK), database normalization, and status tracking dashboards.

MediScan AI — Healthcare & Preventive Medical Screening Platform — Live App • Lovable • HealthTech AI

Tech Stack: Lovable, HealthTech AI, Computer Vision, JavaScript, REST APIs

- Prototyped a digital healthcare platform combining medicine barcode/QR verification, AI symptom assessment, and emergency hospital SOS.
- Explored preliminary computer vision concepts for retinal (diabetes/hypertension) and nail (anemia) biomarker screening.

Shadow Rift — 2D Action Roguelike Game — Godot 4 • GDScript • Playable Foundation

Tech Stack: Godot 4, GDScript, CharacterBody2D, Reusable Gameplay Components, 2D Shaders

- Developed a 2D top-down action roguelike with modular player movement, fluid collision detection, enemy AI, and XP upgrade progression.

EDUCATION & ACADEMIC HONORS

Aditya University — 2024 – Present
B.Tech in Computer Science & Engineering • 2nd Year

JEE Mains 2024 (NTA) — 2024
86.63 Percentile • Nationwide competitive examination

Intermediate (MPC) — 2022 – 2024
Score: 962 / 1000 (96.2%) • Distinction in Mathematics & Sciences

Secondary School Certificate (10th SSC) — 2022
Score: 561 / 600 (93.5%) • First Class with Distinction

COMPETITIVE PROGRAMMING & PLATFORM BADGES

LeetCode (@k_v_akhilesh) — 184+ Solved
- **100 Days Streak Badge 2026** & **50 Days Badge 2026**
- Solved 158 Easy, 26 Medium problems across DSA & algorithmic logic.

CodeChef • HackerRank • GFG — Verified Ratings
- **CodeChef:** Problem Solver Badge • Contest Challenger.
- **HackerRank & GFG:** Verified Problem Solving & Python credentials.

VERIFIED INDUSTRY CERTIFICATIONS (CREDLY & GLOBAL)

IT Specialist — Python Credly Verified
Certiport, a Pearson VUE business • Sep 2026
